

## GEN. ROBERTS HAS CROSSED THE VAAL

Advance of the British  
Army Now Operating  
In Transvaal.

## FLIGHT OF THE BOERS

Country In Front of Invading  
Forces Reported Clear of  
the Burghers.

## SEND MORE TROOPS TO AFRICA

London, May 26, 10 a. m.—[Special  
Cablegram]—It is officially reported  
that Gen. Roberts has crossed the Vaal  
river into Transvaal territory.

London, May 26—[Special Cable-  
gram]—With the news of crossing the  
Vaal river came the following from  
Roberts dated from Wolvehoek, a few  
miles south of the Vaal:

"Advance portion of this force crossed  
the Vaal river on the Queen's birthday  
morning. Hamilton's column is at  
Boschbank. Our scouts are now at  
Viljoensdrift, on the south bank of the  
Vaal. The local mines are uninjured,  
work going on as usual. No enemies  
this side of the river. Hunter reached  
Vryburg May 24th.

London, May 26, 3:30 a. m.—The lat-  
est intelligence from Lord Roberts's  
headquarters at Vredfort station, filed  
Thursday at 5:45 p. m., was that the  
British were rapidly advancing. Gen-  
eral Hamilton had effected a junction  
with Lord Roberts. The country in  
front of them was clear of Boers to Vil-  
joen's drift.

The Boers were evacuating all their  
positions south of the Vaal river and  
5,000 had already crossed to the north  
bank. Probably Gen. French's cavalry  
is already reconnoitering the fords of  
the Vaal.

War office observers expect that the  
next dispatch from the field marshal  
will be dated in sight of the Transvaal  
frontier.

## More Troops for Africa

London, May 26—The secretary of  
state for war, the Marquis of Lansdowne,  
discussing military affairs in the house  
of lords today announced that 11,000  
additional troops would be sent to South  
Africa next month. He also said that  
the government feared recruiting could  
not be kept up now that the excitement  
of the present campaign has worn off.  
The government, he said, was consider-  
ing offering an increase of pay for sol-  
diers.

## SEND CHINA WARNING

Notified by United States That "Box-  
ers" Must Be Suppressed and  
Americans Protected.

Washington, May 26—The United  
States government has taken a hand in  
the suppression of the "Boxers" in China.  
Minister Conger has been instructed by  
the State Department to inform the  
Chinese government that this govern-  
ment expects it to stamp out the society  
promptly and thoroughly, and to pro-  
vide proper guarantees for the main-  
tenance of peace and order and the  
protection of the life and property of  
Americans in China, all now threatened  
by the operations of the "Boxers."

There is no indication in the instruc-  
tions as to the course that will be pur-  
sued by the United States in case the  
Chinese government fails to observe the  
warning conveyed in this communica-  
tion.

Mr. Conger is acting on parallel lines  
with the representatives of every Euro-  
pean power at the Chinese court, but  
has not joined in any concert of action.

## PRESIDENT WILL VIEW THE ECLIPSE

Comfort.

view the sun's eclipse Monday.

## CUT THEIR VISIT SHORT

Boer Envoys to Visit Only a few of the  
Larger Cities of the United  
States.

Washington, D. C., May 26—The fol-  
lowing statement was issued today by  
the Boer envoys who are present in this  
city:

"Messrs. Fischer, Wessels and Wol-  
merans, who are representing the South  
African Republics in this country have  
received many pressing invitations from  
most of the large cities of the United  
States to visit them but, owing to the  
short time they expect to spend in this

country it will not be possible to accept  
all the invitations. It is their intention  
to return as soon as circumstances per-  
mit to their own country but before  
leaving they have concluded to yield to  
the great demand on the part of the  
American people to spend a few more  
days in America and they have con-  
cluded first of all to visit Baltimore,  
Providence, Philadelphia and Boston  
during the next week. Afterwards they  
are in hopes of being able to spare the  
time to extend their visit to several  
cities in the middle states.

New York, May 26—A special to the  
Herald from Washington says: Not-  
withstanding the declaration of the  
president that the United States will not  
interfere in the South African war, the  
Boer commissioners expect that political  
expediency will cause him to make a  
move which will be beneficial to their  
cause.

## NO USE FOR WOMEN ON SCHOOL BOARDS

Lively Discussion Before the Mother's  
Congress At Des Moines—Greet-  
ings From Miss Anthony.

Des Moines, May 26—Colonel Francis  
W. Parker of Chicago, attracted a large  
share of attention from the mothers' con-  
gress today. He was called upon to  
answer questions this morning as to  
what he would do to build up the educa-  
tional systems which he tore down last  
night.

He laid great emphasis on common  
sense, and when he was asked about  
women on the school board he threw up  
his hands and said his experience with  
women on the school boards had been  
something awful. "What we want,"  
said Colonel Parker, "is honest men  
with sense, human beings. Children  
are naturally good. They are made bad  
because we suppress them and do not  
allow the good to come out."

"The reason the public school system  
is not as it should be is because the  
public generally thinks anyone can  
teach. We have some of the most pious,  
good, stupid, ignorant men as superin-  
tendents that were ever known."

Susan B. Anthony's letter of greeting  
to the congress was read by the presi-  
dent but it created no stir. The letter  
simply approved the congress work and  
reminded mothers that they had respon-  
sibilities outside their homes. Woman  
suffrage was not mentioned in the letter  
or in the congress.

The resolutions declare for free kin-  
dergartens in the public schools; de-  
nounce newspapers, publishing objec-  
tionable advertising; demand reform in  
Sunday school teaching and urge better  
care and education for dependent and  
neglected children.

The place of meeting in 1901 will not  
be decided for several months. It will  
probably be Milwaukee or Buffalo.  
Both cities are making strong efforts to  
secure the congress. The decision is  
left to the executive board.

## CHINESE "BOXERS" ON THE RAMPAGE

Attack a Force of Cavalry, Kill the  
Colonel and Kill or Wound  
Seventy Men.

Peking, May 26—[Special Cablegram]  
—The "Boxers" attacked a force of im-  
perialist cavalry near Pao Ting. Fu,  
the colonel, was killed and seventy men  
were killed or wounded. The appoint-  
ment of Li Hung Chang to be viceroy  
of Canton is confirmed.

## ON AGUINALDO'S TRAIL

Officers Think They Have Trace of  
Party Escorting the Insurgent  
Leader.

Manila, May 26—Major Peyton C.  
March, with a battalion of the Thirty-  
third infantry and Colonel Luther R.  
Hare with another party of the Thirty-  
third regiment, while scouring the  
country northeast of Benguer report  
that they have struck the trail of a party  
of Filipinos traveling in the mountains  
and believe they are escorting Aguinal-  
do.

Major March is continuing the pur-  
suit across an exceedingly difficult  
country beyond the telegraph lines.

Sergeant Barry and four privates of  
Company B of the Twenty-seventh reg-  
iment have rescued the daughter of the  
president of San Mateo from some La-  
drones who abducted her. Afterwards  
twelve Ladrones ambushed them killing  
the sergeant. Three privates stood off  
the band while the other secured rein-  
forcements. Several Ladrones were  
killed.

H. F. Corbett Leaves Racine  
Racine, Wis., May 26—Henry F.  
Corbett, who gained notoriety by being  
arrested on charge of having attempted  
to kill the Rev. and Mrs. David B.  
Cheney, packed his luggage and left  
Racine. He goes to Milwaukee where  
he will locate. Corbett says that his  
health is such that he cannot work and  
that he will take life easy. Wealthy  
relatives in England, he says, will  
furnish him the money.

## Many Go to Kenosha

Racine, Wis., May 26—It is estimated  
that 1,000 Racine people will attend the  
Memorial day exercises at Kenosha. The  
Elks, G. A. R., Business Men's associa-  
tion, Sons of Veterans, Royal League,  
members of Co. F and other societies  
will be present in a body.

## LIVELY DEBATE ON THE DANCE ISSUE

AMUSEMENT QUESTION IN  
METHODIST CONFERENCE.

Discussion of Reports For and Against  
Changing Discipline Is Begun,  
Showing Feeling On Subject Is  
Strong—Many Editors and Secre-  
taries Elected—Residence of Bishops

Chicago, May 26—[Special Tele-  
gram]—By a vote of three hundred and  
forty to two hundred and ninety, the  
Methodist conference today adopted the  
minority report on eliminating the  
clauses in its discipline against cards,  
dancing, theatres and horse racing.  
Delegate Arter of Ohio attempted to  
move an amendment adding fifty amuse-  
ments. The convention took it as ridi-  
cule, and a veritable row occurred. Ar-  
ter was howled down and the confer-  
ence became quiet only on the withdraw-  
al of the amendment. The vote is an  
indication that the conference will retain in  
the discipline the prohibitory clause.

Chicago, May 26—[Special Telegram]  
—The business session of the Methodist  
conference this morning was presided  
over by Bishop Vincent. It is expected  
that before the close of the session this  
afternoon the much vexed amusement  
question will be settled. The debate  
began at Thursday afternoon's session  
was resumed, and one of the most inter-  
esting sessions is sure to result, as the  
conference is about equally divided on  
the question.

Stirred Up Deep Feeling.  
The opposition to any alteration of  
the present rule as to dancing, card  
playing, and theater-going springs from  
the deep seated convictions on the ques-  
tion. No subject before this conference  
has stirred deeper feelings or evoked  
more earnest pleas in debate. Memori-  
als from all over the country have  
poured in, the majority of them asking  
that the discipline be left as it is.

The Committee on State of the  
Church, however, has recommended a  
change removing the ban on amuse-  
ments and placing it among the "ad-  
vices." Ex-Governor Robert E. Patt-  
ison of Pennsylvania is chairman of the  
committee and supports the report. A  
minority report is supported by C. J.  
Howes of Kentucky.

## Howes Says "Let Dancers Go"

Dr. Howes made one of the first  
speeches on the subject, in which he  
said: "If men and women are deter-  
mined to dance, play cards, and attend  
the theater and horse races, I say let  
them go out of the church. If you do  
this you will grieve the mass of the  
church, but the world will applaud you."

## Church Editors Elected

Balloting for church editors, church  
trustees and secretaries of church  
societies crowded abstract questions of  
church polity and discipline into the  
background yesterday.

The editors reelected on the first bal-  
lot were:

Methodist Review, New York, Dr. W. V. Kel-  
ley.  
Christian Advocate, New York, Dr. J. M.  
Buckley.  
Northwestern Christian Advocate, Chicago,  
Dr. Arthur Edwards.  
Epworth Herald, Chicago, Dr. J. E. Barry.

Smith.

leans, Dr. I. B. Scott.  
Pacific Christian Advocate, Dr. A. N. Fisher.

Nast.

Dr. Leonard Gets a Place.

Dr. A. B. Leonard was elected secre-  
tary of the Missionary society.

Dr. A. W. Spencer won out over his  
partner, Dr. J. M. King in the board of  
church extension, Dr. King taking the  
assistant secretaryship.

Dr. Madison C. B. Mason was chosen  
secretary of the Freedman's Aid and  
Southern Education society.

Dr. Thomas B. Neely won the manage-  
ment of the Sunday School and Tract  
society.

retary of the board of education on the  
first ballot.

## TO TEST ELECTION LAW

Madison Proposes to Prosecute Men  
Who Failed to File Their  
Campaign Expenses.

Madison, Wis., May 26—A test of the  
law requiring candidates for election to  
file a statement of expenses is promised  
here within a few days. Out of fifty  
candidates at the recent spring election  
thirty-two have failed to file the required  
statement, Mayor Haven being among  
them. Prosecution has been decided on.

## BOTH THE INDIAN WARRIORS SURVIVE

BETTER TO BE A LIVE RED  
SKIN THAN A DEAD CHIEF.

White Buffalo and Tom Thunder Did  
Not Meet in Deadly Conflict At  
Black River Falls—Many Indians  
Are Disappointed Over the Settle-  
ment of the Affair.

Black River Falls, Wis., May 26—The  
day of doom for the pretender to the  
wampum belt and black feathers of  
Blackhawk, late chief of the Winneba-  
goes, has come and gone and both war-  
riors survive.

Four thousand inhabitants of the  
town of Black River Falls, 100 squares  
of the perturbed tribe, with papooses on  
their backs, and a score of Indian boys,  
who hope some day to rival the deeds  
and fame of White Buffalo and Tom  
Thunder, trudged, rode and ran from  
the village of Black River to the lonely  
grave of the dead chief to witness the  
tomahawk duel that was to have settled  
the disputed supremacy of the Irish In-  
dian and his red rival.

## Crowd Gathers at the Grave.

The crowd began to gather by the  
grave at dawn. Patiently they wait-  
ed in the forest, watching for a glimpse  
of their champions. Partisans of the  
pretender and friends of the elected  
chief ranged themselves on opposite  
sides and taunted each other with the  
sloth of Tom Thunder or White Buffalo.

Youthful warriors with straight hair  
and dusky hides hurled toy tomahawks  
and launched the wooden javelin at er-  
rant squires and darting rabbits. White  
spectators grew tired as they heard the  
distant dinner bell and wandered away  
toward town. Messengers scoured the  
country and sent telegrams in all direc-  
tions summoning the rival chieftains but  
none found them.

Word came at 10 o'clock that Chief  
White Buffalo, christened Tom Roddy,  
had started for the battle ground on his  
bicycle, but that the corduroy road  
bumped his tomahawk out of his belt  
and punctured the tire and projected  
him into a neighboring fence with such  
ecstasy that several of his war feathers  
were fractured.

## Preters to be a Live Indian.

A rainstorm then blew up but Thun-  
der did not come. Search was made in  
the woods and morasses in the hope that  
the dead body of one or both men might  
be found but the search was abandoned  
at dusk when it became generally known  
that White Buffalo was holding an all-  
day caucus with Tom Thunder and he  
had succeeded in convincing him that it  
was much better to be a live Indian than  
a dead chief and that the tomahawk  
game was not as pleasant as high-low.  
Tom agreed to put up his hammer and  
it was decided to issue rain checks to  
the spectators.

## BAPTIST PICNIC JUNE 12

Will be Held This Year at Crystal Springs  
Park.

At Crystal Springs park on Tuesday,  
June 12, the members of the Baptist  
church will hold their annual picnic.  
The steamer Columbia has been char-  
tered and the event promises to be a  
success in every way. Last year fully  
500 attended the Baptist picnic. A  
picnic dinner will be served this year to  
be followed by the usual program of  
sports.

## TAKES PRIDE IN BEING A HEATHEN

Hindo Scores Christianity of England  
and America in an Address  
at Boston.

Boston, May 26—Bipin Chandra Pal,  
addressing the Moral Education society  
in Tremont temple, gloried in heathen-  
ism.

"I am not ashamed," he said, "of ap-  
pearing before you as a heathen."

"Heathens means one who is not a  
Christian, and I am not ashamed of con-  
fessing that I am not a Christian. If I  
had any doubt on the subject when I  
left India my two years' residence in  
Christian England and Christian Amer-  
ica, and the closest study of the fogs and  
mists of London and on the streets of  
Chicago, Boston and New York, in Pic-  
cadilly, and other places have removed  
every bit of doubt. I am prouder than  
ever of being a heathen, as distinguished  
from being a Christian."

"Buddhism does not exist in India,  
and has not existed there for centuries;  
ignorance is faith in many quarters, and  
I will not disturb that faith."

"If my origin is sin it is mockery—  
cruel mockery—to tell me to rise above  
it or go beyond it. If modern psychol-  
ogy, if modern ethics teach us anything,  
it is that your ethical law is your natu-  
ral law, that what is not your nature  
you cannot get in it by any means. You  
might as well attempt to draw the sun-  
shine from a cucumber."

## Merrill Man Hangs Himself

Merrill, Wis., May 26—William Sie-  
vert killed himself this morning with a  
gun. It is said he was despondent be-  
cause his sweetheart refused to marry  
him.

## Three Prisoners Break Jail.

Mount Sterling, Ill., May 26—Three  
prisoners broke jail here. They were  
Dale, McCoy and Willie Hille. The  
sheriff and deputies started in pursuit,  
but have not located them.

## LA FOLLETTE WILL LECTURE

Puts Aside Politics to Address Manitowoc  
High School on "Hamlet"

Milwaukee, May 26—R. M. La Fol-  
lette passed through the city yesterday  
afternoon on his way to Manitowoc,  
where he delivered a lecture before the  
High School Association on "Hamlet"  
last night. To a suggestion that this  
was an odd way of campaigning, Mr.  
La Follette said that the engagement  
had been made before he came out as a  
candidate for Governor and it had to be  
filled in spite of political complications.

His appearance here gave rise to re-  
newed talk regarding his intentions of  
making Milwaukee his headquarters. On  
this subject Mr. La Follette would say  
nothing, and excused himself from dis-  
cussing either his candidacy or the po-  
litical question in general.

## MR. HANNA WILL BE THE NEXT CHAIRMAN

Republican Executive Committee Will  
Discuss Campaign Plans Tonight—  
Political News and Gossip.

Washington, D. C., May 26—This  
evening the subcommittee of the Na-  
tional Republican Executive committee  
will meet at the Arlington hotel. Messrs.  
Hanna, Dick, Manley, Payne, Kerekes,  
Scott and Fessenden will be present.  
Details of the convention yet unsettled  
will be arranged and plans for the cam-  
paign discussed.

Senators Wolcott and Lodge have  
been selected as temporary and perman-  
ent chairmen of the convention. The  
announcement is made that Senator  
Foraker is to present McKinley's name  
to the convention.

Senator Hanna will be the next chair-  
man of the national committee unless  
his health gets much poorer than it is  
now. He is in good health with the  
exception of rheumatism in his right  
knee which gives him some pain. It is  
expected that Secretary Dick will take  
much of the detail of the campaign on  
his shoulder and Charles G. Dawes, con-  
troller of the currency, will act in an  
advisory capacity.

Senator Jones of Arkansas, chairman  
of the Democratic National committee,  
has given up his plan of establishing the  
Democratic national headquarters in  
Washington. The majority of the mem-  
bers of the committee favor Chicago and  
no further effort will be made to remove  
from that city.

It is the opinion of the Democratic  
leaders here that the Democratic candi-  
date for vice president will come from  
New York or Indiana, and that the man  
is likely to be either George B. McClel-  
lan or Judge Alton B. Parker of New  
York or former Representative Benjamin  
F. Snively of Indiana. It is conceded  
that Towne has not a chance.

Senator Fairbanks of Indiana is an  
avowed candidate for the Republican  
vice presidential nomination and his  
friends are actively at work securing  
delegates.

## CAPT. STREETER TAKES HIS CLAIM

Chicago "Squatter" Defies the Whole  
Police Force With a Body  
of Armed Men.

Chicago, May 27—[Special Telegram]  
—Capt. Geo. W. Streeter, known as  
the "Squatter," who claims certain lands  
on the Lake Front, this morning at-  
tempted to gain possession by force.

With fourteen men, armed with  
Springfields and a Gatling gun he  
marched to the disputed territory. When  
the police made a move toward the out-  
fit they were met by a volley and retired  
for further orders without being  
wounded.

Streeter and his men occupy the lands  
and defy the authorities, who have  
called in reserves from the outside sta-  
tions.

Acting Mayor Walker is now holding  
a consultation with lawyers to find the  
rights in the case and will proceed ac-  
cordingly.

Bloodshed is promised for this after-  
noon.

## MINISTERS AT MILTON

Seventh Day Baptists of Southern Wis-  
consin and Chicago Open  
Session.

Milton, Wis., May 26—The Minister-  
ial conference of the Seventh-day Bap-  
tist churches of Southern Wisconsin and  
Chicago began its session here yesterday  
afternoon. The conference had under  
discussion six topics presented by Prof.  
Edwin Shaw, W. J. Looftboro, the Rev.  
Dr. Platte, Miss Phoebe S. Coon, W. B.  
West and the Rev. S. H. Babcock. Last  
evening's session was devoted to a  
missionary service led by E. D. Van  
Horn.

## FIRED ON BY RUSSIA

Reported That a Warship Attacked a  
Japanese Vessel Off the  
Corean Coast.

Victoria, B. C., May 26—The liner  
Grencie brings the news that a Rus-  
sian warship fired at a Japanese ship  
recently, indicating that Russia is con-  
tinuing her aggressions in Corea.

## ANOTHER LEAK IN POSTAL AFFAIRS

Grave Irregularity Discov-  
ered In Business of the  
Washington Office.

## DEFICIT OVER \$20,000

Owing to Connection of that  
Office With Porto Rico  
Postal Business.

## CONGRESS BUSY NEXT WEEK

Washington, May 26—[Special Tele-  
gram]—Further irregularities in postal  
affairs, this time in connection with the  
Washington city postoffice, are charged  
by the Washington Post in a column  
article this morning.

Because, until recently, the postal  
affairs of Porto Rico have been con-  
ducted in conjunction with and under  
the jurisdiction of the Washington office  
it happens that the revenues of the local  
office are involved in the insular affair.

It is alleged that improper disburse-  
ments amounting to twenty or thirty  
thousand dollars were made under cover  
of this dual jurisdiction in 1898 and  
early last year.

## In Congress Next Week.

While the Philippine bill is not un-  
finished business in the senate next  
week there is no disposition on the part  
of the republican managers to press it  
to a vote, they preferring to rush the  
appropriation bills.

The general impression is that con-  
gress will be able to adjourn June 6th.

Senator Morgan appears to have no  
hope of securing consideration for the  
Nicaraguan bill this session and the  
ship subsidy bill will also be side-  
tracked.

Monday Wellington will speak on the  
Teller Boer resolution and Wednesday  
the Clark case will be taken up.

In the house the Alaskan code bill,  
the St. Louis fair bill and consideration  
of the proposed anti-trust legislation  
will be topics discussed and voted on.

## To Investigate in Cuba.

The resolutions calling upon the post-  
master general for information as to  
whether Rathbone, recently director of  
posts in Cuba reported that all accounts  
in the Cuban postoffices were correct and  
whether such report was based on the  
postal inspectors was passed by the  
house today. Also a resolution calling  
upon the secretary of war for infor-  
mation as to payments from the revenues  
of Cuba and Porto Rico to the army and  
navy officers.

## LONG JAIL SENTENCE FOR WHITELIGHTER

John Mosher Awarded Sixty Days—  
Court Will Show No Mercy In  
The Future.

Members of the notorious Whitelight  
club will do well to beware of the Janes-  
ville police force and the Rock county  
municipal court the next time one of  
their number makes up his mind to get  
intoxicated. From now on no mercy  
will be shown the local members of this  
celebrated organization of loafers.

The ball was set to rolling this morn-  
ing when John Mosher of this city was  
brought into the municipal court by  
Chief Hogan on the charge of being  
drunk. Mosher has the honor of hav-  
ing been before the court during the  
past few years so many times that the  
court no longer is obliged to ask the  
nature of the charge.

On his plea of guilty this  
morning Mosher was given a  
blow which fairly staggered him.  
Mr. Mosher was

## MORGAN'S ATTACK ON PHILIPPINE BILL

**Calls It Unwise and Dangerous on Account of Power It Places in President's Hands.**

Washington, May 26.—Discussion of the Spooner Philippine bill was continued in the senate by Mr. Morgan of Alabama. On the general question of the ownership and government by the United States of the Philippine islands he was in accord with Senators Spooner and Lodge, but he regarded the pending bill as unwise and dangerous legislation because of the great power it placed in the hands of the president. He was satisfied, however, that the measure would not be passed by this congress, and declared that it was being used as a foil to thrust aside the Nicaragua canal bill. Much of his speech was devoted to the canal bill and to denunciation of the efforts to prevent its enactment at this session. He could not believe, he said, the president was in league with the politicians who were antagonizing the canal bill. "For," he inquired, vehemently, "is it to be said here that the president is a party to this ambitious and cross-eyed political rascality?" He did not believe, either, that the president was so afraid of British influence that he had an idea in his mind of abandoning the canal project.

Mr. Allison then called up the sundry civil appropriation bill, which carries \$65,812,930, or over \$4,000,000 more than the bill as it passed the house. Sixty-five of the 157 pages of the bill were disposed of.

Mr. Morgan introduced a bill to punish crimes against the United States not committed within a state. He said the bill seemed to unlock the difficulty the government was in now as to the extradition of an offender from the United States to Cuba. The bill was referred to the judiciary committee.

**Presents Maginnis' Credentials.**

Washington, May 26.—Senator Carter of Montana today presented Martin Maginnis' credentials from Governor Smith as the successor of W. A. Clark to the United States senate. Upon motion the credentials were tabled, and Senator Chandler, chairman of the committee on privileges and elections, introduced a resolution to refer the credentials presented by W. A. Clark and Mr. Maginnis to his committee.

**Agreement on "Soo" Canal.**

Washington, May 26.—Another agreement has been reached by the vessel men and the promoters of the big canal at the "Soo." Chairman Burton of the house committee on rivers and harbors had an appropriation bill reported which is said to be satisfactory to both sides. The canal people have agreed to protect all lake and river levels, and it is on this condition that a cessation of conflict was brought about.

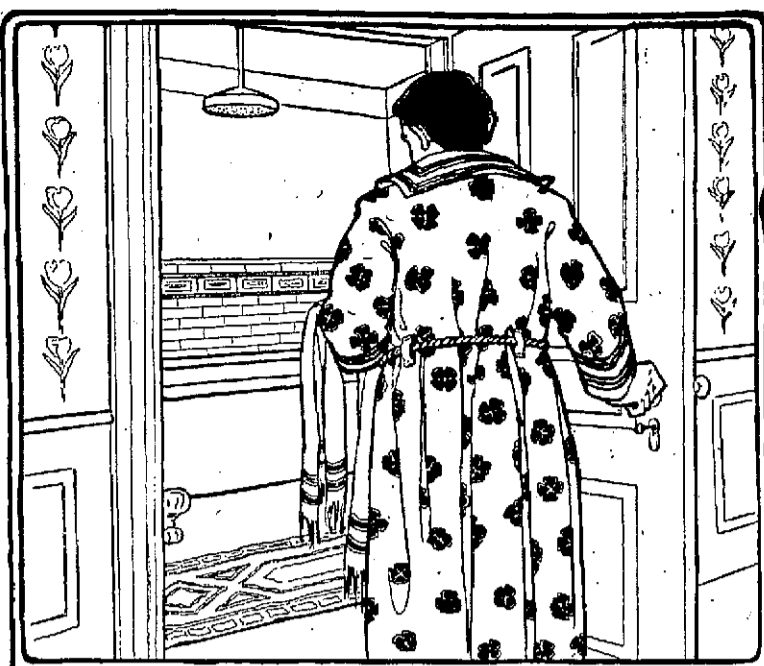

The house pensioned Capt. Gridley's widow at \$50 a month.

**Like a Warlike Move.**

Washington, May 26.—Ali Ferrouh Bey, the Turkish minister here, is manifesting considerable interest in the proposed trip of the Buffalo, Monongahela and Essex to European and Mediterranean waters. The vessels will depart in a few days. The fact that Admiral Watson is now on his way from Hong Kong to Singapore and that Capt. Craig will soon leave with the Albany in the direction of the Turkish coast gives an air of significance to these movements. But the state department officials give assurances that there is nothing warlike in these maneuvers.

### ROCK RIVER

Rock River, May 25.—E. D. Vincent has sold sixty acres of marsh land to A. O. Vincent for \$2,500. Elder W. C. Whitford preached at the River church this week in the absence of the pastor, Mr. Van Horn. Mrs. Mary Eskins of Waterloo, Indiana, is visiting her brother, N. M. Ross, who she has not seen for thirty years. There will be no services held at the Rock River church during the day or evening of the quarterly meeting. Chauncey Gray and John Ashley went to Wood Co. this week. Maude Rose and Belle Vincent went to Whitewater Tuesday and spent several days with relatives there. Anna Turtloch who is staying with Mrs. Harry Swader attended her grandmother's funeral, Mrs. Ind. at Milton Thursday. E. D. Vincent and Ed. Brightman bought a tobacco settler of Taylor & Co., Janesville, this week.

### DIRT CLEARANCE.

It is a good plan for every bather to know something of the soap he uses. There is a well-founded objection to using a floor-cleaning soap upon the human body. Ivory Soap is the bather's soap. It costs more than common soaps, but the difference is in the ingredients and making. Why not treat yourself with a little respect. Is not the human skin with its marvellous delicacy entitled to pure soap? Ivory Soap—it floats.

### Frank Leslie's Popular Monthly for June.

Frank Leslie's popular monthly for June opens with an illustrated article of extraordinary and unique interest, entitled "The President's War," by a veteran journalist-diplomat, DeB. Randolph Keim. President McKinley is here shown "at the helm," as commander-in-chief of the army and navy of the United States, in the late war with Spain; and a detailed description of the marvelous "War Room" in the White House, with specially authorized photographs is for the first time given to the public. That brilliant fiction writer, "Q," otherwise Mr. A. T. Quiller Couch, who completed the late Robert Louis Stevenson's "St. Ives," contributes a dashing story (complete in one number), entitled "The Two Scouts" to the June Frank Leslie's Popular Monthly.

"A Metropolitan Night; Glimpses of New York With a Newspaper Reporter," is the self explanatory title of a graphic and picturesque article, by Samuel Hopkins Adams in Frank Leslie's Popular Monthly for June. Blanche Z. Barait writes eloquently of "The Greatest Passion in History," that of Juana la Loca, the mad Queen of Spain. "At the Ends of the British Empire," by Robert E. Speer, is an exceptionally brilliant piece of descriptive writing, accompanied by many beautiful views of India. Martha McCulloch Williams contributes a quaint and delightful paper, which she calls "A Brief for the Defense, in the Case of that Crownless and Unchristian Martyr, the Mule." The story of a woman's love and sacrifice is told in "For His Honor's Sake," by Martha Henderson Gray. "Woman as Architect" are interestingly discussed by Joseph Dana Miller. Poems and "Marginalia" sketches are from the pens of Madison Cawein, Minna Irving, Jennie Betts Hartwick, Henry Tyrell, Lawrence Porcher Hext, and Mary Sargent Hopkins.

### Dies to Save Her Child.

Chicago, May 25.—Mrs. Emil Joseph Polock, Twenty-first avenue and St. Charles road, West Maywood, threw herself in front of a Northwestern train running at the rate of fifty-five miles an hour in West Maywood in an effort to save the life of her 2-year-old daughter. Mrs. Polock was struck and hurled forty feet along the track. She was killed instantly. The child was rescued by Frank Belrose, the telegraph operator at the Maywood station, who leaped through the window of his office and risked his life to save the little one.

### Virginia Against Negroes.

Richmond, Va., May 26.—Enough returns have been received from the election to show that the state has gone for a revision of the constitution by from 10,000 to 15,000. After the returns are inspected the governor may call an extra session of the legislature to provide for a convention. Almost the entire object of revision is the disfranchisement of the negro, and almost all the counties having a negro majority went against it. The vote cast was the lightest in years.

### Held for the Kifer Murder.

Evansville, Ind., May 26.—Joseph D. Kiefer, aged 38, a farmer living in Warrick county, was arrested on the charge of murdering Miss Nora Kifer, whose body was found in Pigeon creek, near this city, Wednesday morning. His 13-year-old son Jesse was arrested as an accomplice. William Clark, a carpenter living near Elberfeld, who came here March 29 to marry Miss Kifer, is held as a witness in the case.

### Chinese Appeal to the Law.

San Francisco, May 26.—The United States circuit court has taken under advisement the petition of Chinese residents of this city to restrain the local and federal authorities from inculating them against the bubonic plague. Argument was heard on the petition for an injunction by Wong Wai.

### WE MUST REPEAT.

When Everybody in Janesville

Tells the Same Story.

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders and the troubles of those whose urinary organism is wrong in its action. That they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case:

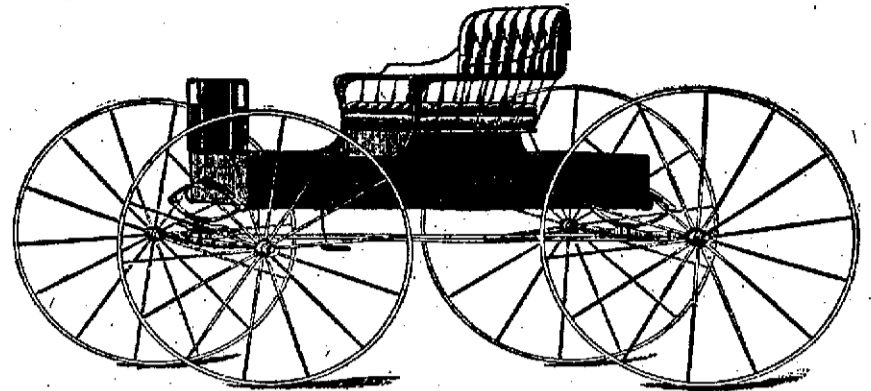

Mr. E. Dillenbeck, of 126 Milton Ave retired farmer, says: "My wife was troubled with kidney complaint for four or five years, and complained of pains in the small of the back in the region of the kidneys. The symptoms all indicated that the kidneys were deranged, and the doctors who treated her said that those organs caused the trouble. As she did not get any better we thought Doan's Kidney Pills might give her relief, and procuring them at the Peoples drug store, I had her use the remedy. It did for her all that could be expected and did her a great deal of good. We can recommend Doan's Kidney Pills and you can use our names as saying what has been stated above."

A TRUST AMENDMENT.

St. Louis Globe Democrat—The proposition for an amendment of the constitution giving Congress the power to control or prohibit trusts, which the Republican members of the House judiciary committee have reported, will give satisfaction to the country. Ordinarily it is safe to discountenance the attempts which are being made every week or two by somebody or other to change the fundamental law. These schemes are usually put forward by cranks who would place in the organic law some power which is already in it, or which never can be or never should be put in it. The trust question, however, is a larger issue than any of those which anybody recently has proposed to deal with by a change in the constitution, and the attempt which is being made to get it into the organic law can be defended.

Not only is the question of the regulation of the trusts a very large issue, but it is an issue which is bound to increase in importance as time passes. Trusts grow with the increase in the country's wealth and with the expansion in the country's productive resources. When the question first came up in a formal way in 1887 the only trust of any consequence in the country, aside, of course, from the Standard Oil combine, was the Sugar trust. The combination grew to be so strong that it was suspected of exerting a great power in politics. The charge was made that the sugar trust was allowed by the democratic leaders to frame the sugar schedule of the Mills bill of 1888, which defeated the Democracy for President in that year. It was said also that the trust made a heavy contribution to the democratic campaign fund of 1888 and also of 1892. Other instances of the exertion of that combine's power in politics have been mentioned.

There are trusts, however, in the country now which have more capital than the sugar combine, and that aggregation is financially stronger today than it was in 1888. There are scores of trusts in the country now where there were but three or four a dozen years ago. To be sure, trusts are an outgrowth of social evolution and are found in all the great nations, England, France and Germany, as well as the United States. In some of their aspects they are a benefit to the community, by reducing the price of products without curtailing the number or the wages of the workers. In some of their features on the other hand, they are a menace to the community, and call for regulation by law. The object of the proposed trust amendment to the constitution is to give congress a free hand in the exercise of a power which will divert these combines of their vicious features, while leaving unimpaired those which are calculated to benefit the people and which is in harmony with the evolution of the world.

Survivors of the first republican national convention are to be the guests of honor in Philadelphia next month. Only fifteen survive of all those who assembled at Pittsburgh on June 18, 1856. Of these, only one continues a prominent figure in politics. He is Representative Galusha A. Grow, former Representative Edgerton of Akron, O., is now an enthusiastic free silver democrat. It is possible to invitation will be sent to Mr. Edgerton. Urie Sloan and Gen. Brinkerhoff, both of Ohio, are among the survivors.

President McKinley will spend the summer as quietly as possible at Canton. He will make no speeches during the political campaign.

Rural free delivery is established on 1,000 routes and accommodates 100,000 homes in the country.

The description of a "good Indian" apparently needs some revision to meet modern conditions. The Medawakant tribe of Sioux Indians at Mendota, Minn., was too busy preparing to put

in its crops when the Indian agent came around to pay its annuities, and squaws were sent to the agency to receive the money.

CUBA WILL SOLVE ITS OWN DESTINY

Washington Officials in No Plot for Retention, but Annexation is Regarded as Likely.

Washington, May 26—Senator Hale's sensational charge that the American flag is never to be pulled down from Cuba, nor the last of the American soldiers removed from that island, has attracted a great deal of attention in official and diplomatic circles. In one respect Senator Hale correctly interprets the prevailing belief at this capital. There is here a very strong impression that Cuba will ultimately become American territory. But this does not mean that there is a plot or plan to break the faith pledged by the nation at the outbreak of the war with Spain.

So far as the government is concerned it is going ahead in all sincerity to prepare the way for Cuban independence. There is no other thought than that some day, soon or late, according to circumstances, the people of Cuba are to have opportunity to vote on the question whether or not they will set up an independent nation or become a part or colony of the United States. When that time comes there is a belief that Cuba will vote for annexation, and this belief is based wholly upon industrial and tariff conditions. The prosperity of Cuba can be better served by annexation and free or practically free markets in the United States than in any other way, and in a long run industrial needs are likely to prove the controlling influence.

THE BROTHERHOOD WILL NOT BUILD

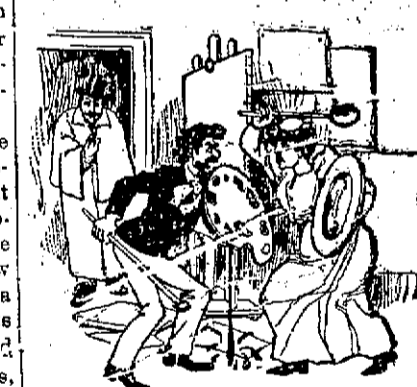

Engineers Will Not Buy or Erect an Office Structure—Norfolk, Va., Gets 1902 Convention.

Milwaukee, May 26—The Brotherhood of Locomotive Engineers will not build or buy an office building for the general officers of the organization. Yesterday afternoon the question was taken up, and the report of the committee which had investigated the possibilities was accepted, but the question was postponed indefinitely almost without debate. It is possible that the work of the Brotherhood may be completed by Tuesday night. It is thought by some of the delegates that the work which is to come will make an adjournment possible, while others think that the business still to be transacted will take two days more.

The last of the more important questions to be considered was the selection of the meeting place of the order in 1902, Norfolk, Va., was chosen on the first ballot.

## CHICAGO TRACK TEAM SPENT NIGHT HERE

WERE ON THEIR WAY TO THE  
CAPITAL CITY.

Confident of Victory Over the Boys From  
the Wisconsin University—Many  
From Janesville Attended Contest  
Held at Madison This Morning and  
Afternoon.

This city was well represented in the  
city of Madison this morning at the Chi-  
cago-Wisconsin dual track meet. The  
program was called at Camp Randall at  
ten o'clock this morning before a large  
and interested crowd. The numerous  
contests proved most exciting.

The University of Chicago track team  
arrived in Janesville yesterday afternoon  
and spent the night here. In the party  
were the following: Lister,  
Schmalls, Hulbert, Trude, Horton, Lord,  
Wellington, W. A. Moloney, F. G. Mo-  
loney, Pottel, C. Manning, Cassels, Mor-  
mer, Slack and Hammond. Coach  
Stagg accompanied the Chicago men.

This afternoon at Madison was called  
the great interscholastic meet. At this  
meet the Janesville representatives in  
Madison turned out in a body. The  
team from the Janesville High school  
took part. A large crowd was in attend-  
ance.

The events were called at 1:30 and  
started at 1:45 p. m. sharp. There was  
a large demand for reserved seats and  
the seating capacity of four thousand  
was taxed to its utmost.

There has been considerable speculation  
as to which school will win out. The  
consensus of opinion seems to be that  
the championship lies between Mil-  
waukee East Side, West Side, and Ev-  
ansville, although there are a large  
number that favor the Milwaukee South  
Side boys.

eon society is made up of christian com-  
mercial travelers. The society was  
formed in this city and is a national or-  
ganization. It now has a membership  
of 550 members. Twenty-three of  
these members reside in this city and  
under the auspices of the local order the  
meeting of tomorrow will be conducted.  
Delegates will be in attendance from the  
cities of Madison and Beloit. President  
S. E. Hill of Beloit will be present and

Kimberly will sing. The public is  
most cordially invited to attend this

## DR. RICHARD LEA IS DEAD

One of the Best Known Presbyterian De-  
vines in the Country

Pittsburgh, May 26.—Rev. Dr. Rich-  
ard Lea, the oldest Presbyterian min-  
ister in Pennsylvania, and probably in the  
United States, died at his home in New  
Alexandria, Pa., yesterday. He was  
ninety years old and was ordained a  
Presbyterian minister sixty-four years  
ago. He had been ill but a short time  
and his death came with a shock to his  
many friends, not only in his native  
state but throughout the Presbyterian world.

In western Pennsylvania the name of  
no other minister is better known than  
that of Dr. Lea. According to an ac-  
tion of the Presbyterian general assem-  
bly he was honorably retired several  
years ago, but was active in church mat-  
ters up to the time of his death. The  
English title of doctor of sacred theology  
was conferred upon him by the church  
and he stood at the head of the long  
roll of the Pittsburgh presbytery.

few regrets were received. The interior  
of the house was beautified by the lib-  
eral and artistic use of cut flowers and  
potted plants. Card playing occupied  
the time of the guests. The serving of  
most tempting refreshments followed.

KEEP cool. We have shirt waists that are worth 50 and 75 cents, that we are making a specialty on just now, and will sell them while they last for 33 cents. Bort, Bailey & Co.

DR. R. W. Edden of this city was elected corresponding secretary of the Wisconsin State Eclectic Medical society at the annual meeting of the organization just closed at Madison.

We have secured a lot of shirt waists that were meant to sell at 50 and 75 cents. We got them cheap, however, and give our customers a chance to take advantage of this point. Your choice while they last for 33 cents. Bort, Bailey & Co.

There will be a special meeting of Crystal Camp No. 132 R. W. of A. down stairs, at West Side I. O. O. F. hall, Monday evening, May 28. Let every member be present, as business of importance is to come before the meeting.

ALL members of the Grand Army and all veterans of the Civil war are requested to meet at the Post hall Sunday morning at 10 o'clock promptly in readiness to move at 10:15 for St. Mary's church to attend divine service. All comrades are requested to wear white gloves.

## MANY MERCHANTS FAVOR CELEBRATION

FOURTH OF JULY MEETING  
WILL BE CALLED.

Action Should Soon Be Taken If the  
Day Is to Be Honored in Janesville  
This Year—Several Still Favor  
Society Circus—Would Be a Great  
Drawing Card.

Many of the local merchants favor the  
holding of a rousing Fourth of July  
celebration in the city of Janesville this  
year, and a meeting will be called with-  
in the next few days for the purpose of  
taking some definite steps. If a celebra-  
tion is to be held in the Bower City  
this year it is about time that some ac-  
tion was taken.

Several of the surrounding towns will  
celebrate this year, and announced their  
program fully a month ago. Monroe  
will honor the day this year in royal  
style. Let Janesville merchants get a  
move on themselves and show the sur-  
rounding towns that they are made of  
the right kind of hustling material.

Several days ago many in this city  
favored the holding of a society circus  
on the Fourth, with a parade in the  
morning and a show under canvas in  
the afternoon and old fashioned fire  
works in the evening. As yet nothing  
of a definite nature has been accom-  
plished.

program at the cemetery will be a most  
interesting one. Senior Vice Commad-

One hundred school children will sing  
and the Imperial band will play. C. D.  
Child will be marshal of the day, and

## HIS BIRTHDAY WAS HONORED

T. E. Green Was Eighty-Five Years of  
Age Today

T. E. Green of this city celebrated his  
85th birthday today at the residence of  
his daughter, Mrs. Q. O. Sutherland. Mr.  
Green observed the day surrounded by  
relatives and friends. Those in attend-  
ance from out of the city were Dr. and  
Mrs. E. N. Clark and Mrs. Mary Helm  
of Beloit. Mrs. Helm to her honor her  
seventy-sixth birthday, thus making the  
day one long to be remembered. Mr.  
Green was born in Amherst, Mass., in  
1815. With his father he moved to New  
York state and worked on a farm until  
he was fourteen years of age. Coming  
west he conducted a general store at  
Fulton. For a number of years while  
at Fulton Mr. Green sent a wagon to  
Milwaukee loaded with hides, eggs and  
butter which he exchanged for groceries.

## TWO LOCAL CARD PARTIES

Judge and Mrs. Fifield Entertained  
Friends Last Evening.

Two local card functions were held  
last evening. Judge and Mrs. C. L. Fi-  
field entertained a number of friends at  
their Jackson street home. Card play-  
ing was indulged in till a late hour and  
tempting refreshments were served.

Mr. and Mrs. Herman Kramer en-  
tertained members of the Hakeber club  
last evening at their Washington street  
home. Mrs. O. E. Smith and George  
Palmer won first prizes. Consolation  
prizes fell to Mr. and Mrs. C. W.

## HELD ANOTHER COCK FIGHT

Took Place Near Beloit—Janesville Birds  
Interested

Another cocking main took place "just  
across the line" Thursday night—and a  
party of sports from Beloit, Janesville  
and Freeport enjoyed the eight battles  
and incidentally considerable money  
changed hands. The Beloit birds had  
everything their own way, though the  
Janesville birds were the best bred of  
all. Beloit won five battles, Freeport  
two and Janesville one.

Statement by William Klien—  
Editor Gazette: Dear Sir, I noticed  
in your Thursday's issue a statement  
that Professor B. C. Lyke had been es-  
saulted by me and my brother. Oh,  
that statement is absolutely untrue  
we challenge Mr. Lyke to bring  
case into court. He got out of his  
gy before he got to us and said he  
posed we wanted to settle and we  
right then. The settlement was an  
feud, and he had been threatening  
for some time. Only the night he  
met me on my way home from  
and threatened me and even chal-  
lenged the whole family. We did set-  
tle only with our bare hands and he go-  
worst of it. We have a reliable wit-  
ness who saw the whole affair. Let the  
assessor prove his case. Very truly  
Yours,  
WILLIAM KLIEN

## STARR MAKES ARRANGEMENTS

Went to Madison Today to Look After  
Woodmen's Interest.

County Clerk F. P. Starr left today  
for the city of Madison to make the  
necessary arrangements for the local  
camp of Modern Woodmen who are go-  
ing to the Capital City on June 5 to at-  
tend the annual picnic. Headquarters  
will be established for those who make  
the trip from this city and meals will be  
served at moderate rates. It is expected  
that fully five hundred will make the  
trip from the Bower City. The excu-  
sion will go over the Milwaukee road.

## SURVEYORS ARE KEPT BUSY

Stake Out Piece of Land Near the Base  
Ball Park

Surveyors of the Chicago, Milwaukee  
& St. Paul railroad have been busily en-  
gaged during the past few days staking  
out a certain plot of ground located in  
the rear of Athletic park in the Spring  
Brook addition. Indications point that  
the company intend to erect some kind  
of a building on the land. The survey-  
ors state that they were ordered to sur-  
vey the lots in question and that that is  
all they know about it.

## DEALERS CLAIM BANANA TRUST

Fruit Is High in the City of Janesville  
These Days

Local dealers in bananas report they  
are obliged to pay more today for this  
variety of fruit than they have in years.  
The existing trouble they say is the re-  
sult of a banana trust that exists in the  
South. Bananas now cost the retailers  
\$.150 a bunch where a year ago the  
price was eighty cents. Retailers claim  
that there is no money in the fruit at  
twenty cents a dozen.

## GOLD IN SIBERIAN SANDS

## Exploring Party Secures Big Concession From the Czar.

## MANY AMERICANS INTERESTED.

The Mining Will Be Confined to the Shore From the Bering Sea to the Arctic Ocean—Mining of Frozen Marsh Lands Also to Be Solved.

Representatives of the syndicate which has secured concessions from the czar of Russia to mine for minerals in a section of Siberia extending from the Bering sea to the Arctic ocean are at the Waldorf-Astoria. Among them are Colonel Vladimir Wladarsky, A. Bogdanovich, George D. Roberts and John W. Dowlen. The territory ceded for mining purposes covers an area greater than the whole of France and has a sea line of more than 1,500 miles, says the New York Times. The gentlemen engaged in the enterprise believe that the country will prove the richest gold producing fields in the world.

George D. Roberts of New York, who is one of the oldest mining experts in the country, will represent the American interest in the expedition, which will leave for Cape Nome, on June 1. There they will be met by a Russian gunboat, which will convey the party of about 100 skilled engineers, mechanics and miners across the Bering sea to the Siberian coast. This party will be absent until late in October, and the object is to determine the extent and value of the deposits.

"There were many applicants for the concession," said Mr. Roberts recently, "and it was secured by Colonel Wladarsky only after the hardest kind of work. It is a Russian concession to a Russian, but many Americans and Englishmen are interested. Hooley, the London promoter, is in no way connected with it. Some expert mining engineers have explored some of the territory covered by the concession, and their reports assure us that the supply of gold there is inexhaustible. The question to be determined is whether it can be mined at a profit on account of the climatic conditions, which leave so small a part of each year suitable for work."

"From the examinations made we believe that the golden sands of Cape Nome are the result of the action of glaciers. In nearly all sea sand gold will be found. It has been discovered all along the Pacific coast to Patagonia, but not in sufficient quantities to warrant mining. It has been found under similar conditions in Warren county, New York state, and in the Adirondacks and in the Snake river region of Colorado. It is the contention of the experts who have examined the sands at Cape Nome and on the opposite shore of the Bering sea, in Siberia, that the sea, the sands and the gold go together, so that if holes are dug in the sandy beach at low tide on either shore of the Bering sea the incoming tide carries with it sand to refill the holes, and thereby the supply of gold is made inexhaustible."

"Mr. Bogdanovich will head our expedition, and we shall carry with us the most perfect machinery for the class of mining necessary. We shall treat the deposits by concentration, believing that system to be superior to amalgamation. Our suction pumps will have a capacity of 100,000 tons per day, which should produce not less than 3,000 tons of concentrate. The latter must be very poor that will not yield from \$2 to \$5 per ton, and the cost of pumping and concentration will not exceed \$1 per ton. The Bering sea is really nothing but a great ravine or sluiceway. I have no doubt that if we follow the course of the sandy soil inland into Siberia we shall find valuable veins of gold quartz. For the present we intend to confine our efforts to the sea line."

"Another matter which will occupy the attention of our mining experts will be the discovery of some process by which the miles of frozen marsh lands which are believed to be rich with gold can be mined. These lands are frozen to a great depth, but we hope to solve the problem. Of course coal and water are necessary. We can discharge the former on the Siberian coast from Seattle at \$7 per ton and believe we can mine it even cheaper. Water in plenty can be obtained by sinking artesian wells. It is a part of the agreement with the Russian government that only Russians shall be employed to do the laboring work. That will be of benefit in two ways. The Russians are acclimated, and their labor is cheap."

"From what we have learned I fear there may soon be serious trouble at Cape Nome. The individual miners are numerous and united and are determined that the syndicates there shall not use their powerful suction pumps to draw away the sand from under the feet of the individual miners. The latter will fight if the attempt is made, and their efforts will be crowned with success, because the United States government will not send force enough to prevent them doing the day. All our work will be done under the Russian flag, and the Russian government will furnish us with a sufficient force of Cossacks to protect us in our rights."

Ex-United States Senator Watson C. Squire of Washington, who has just returned from Seattle, said that reports were prevalent on the Pacific coast that the Siberian side of the Bering sea was fully as rich in gold sand as that of Cape Nome. Many adventurous spirits had crossed from Alaska, but had been driven off by the Russian officials.

## MCKINLEY IN OLD VIRGINIA.

## Presidential Party Attends Memorial Exercises.

Fredericksburg, Va., May 26.—Fair weather favored the presidential party in their visit to the memorial services of the Army of the Potomac here. The special carried all the members of the cabinet except Secretary Wilson. There also were in the party Gen. Nelson A. Miles; his chief aid, Col. Michler; Gen. Joseph Wheeler, former Adjt.-Gen. Ruggles, who was colonel of the president's old regiment during the war, and the marine band. The address of welcome was delivered by St. George R. Fitzhugh and the response was made by Gen. Martin T. E. McMahon. The oration of the day was then delivered by Gen. Daniel E. Sickles. The exercises were followed by a luncheon served in the opera house to the members of the society, the ladies and invited guests. This was over by two o'clock, after which the president held a brief reception at the residence of St. George R. Fitzhugh, before the party proceeded to the national cemetery for the ceremonies incident to the corner stone laying of the 5th corps monument. The corner stone of the monument was laid by Gen. Daniel E. Butterfield. He had prepared for the occasion a handsome silver trowel appropriately inscribed, and after the ceremony this was presented to the Masonic lodge of Fredericksburg.

## BOER ENVOYS ARE GUESTS.

Given a Dinner in Washington—Congressmen Make Speeches.

Washington, D. C., May 26.—Representative William Alden Smith of Michigan gave a dinner at the Hotel Gordon to the Boer commissioners. The guests of honor were Messrs. Fischer, Wessels and Wolmarans, commissioners: Mr. De Bryn, secretary. Among the others present were Senators Burrows, Quarles, Gallinger and Pritchard; Representatives Hitt, Cooper (Wis.), Fowler, Clarke, Foss, S. W. Smith, Corliss, Weeks, Grosvenor, Fordney, Hopkins, Hill, Littlefield, Heatwole, McCleary, Wright, Hawley, Crumacker, Sheldon, Sperry, Mercer, Hamilton, Watson, and Messrs. P. L. Wessels, a brother of one of the commissioners; Van der Hooght of Baltimore; and Webster Davis, Glick, Dunn, Hosford and Charles of Washington. At the end of the dinner the commissioners were each in turn called upon by Mr. Smith and made brief addresses. Their remarks were in line with what they have heretofore said as to their mission here. Fischer said that they came to the whole people of the United States and not to any party.

## THREE MEN KILLED AT AKRON

Accident to Work Train on Suburban Electric Line.

Akron, Ohio, May 26.—Three men were killed and a number of others seriously injured as a result of an accident to a work train on the Akron and Cuyahoga Falls Rapid Transit (electric) suburban line. The brakes on two cars, loaded with gravel and carrying about a dozen workmen, became disabled at the top of a steep grade. The cars rushed down the incline at a terrific speed. Nine of the workmen jumped from the cars as they sped along, and were seriously injured. The dead: Jack McMahon, Michael Penders, K. Welker. Among those badly injured are Noah Updegraff and Jack Haley. The names of the other injured have not yet been learned.

## Noyes' Injuries Prove Fatal.

Cleveland, Ohio, May 26.—Herbert Noyes, a broker, who was shot while walking on Euclid avenue near Oliver street late last night, died early today without having regained consciousness. It was at first believed that Noyes had been attacked by footpads, but the police are now inclined to think otherwise. There is much mystery surrounding the case. Noyes was the Cleveland manager for the brokerage firm of J. F. Harris & Co. He was unmarried and came here from Chicago, where his parents reside.

## At Odds Over Meat Exclusion.

Frankfort-on-Main, May 26.—The butchers of southern Germany are irreconcilable as regards the meat inspection bill which has just passed the reichstag. Immediately the measure was enacted the Württemberg Fleischertag, or Meat Dealers' association, was convened and the organization resolved to ally itself with the No-Compromise union which has been formed to combat the exclusion of foreign meats.

## Murder at Primary.

Rising Sun, Ind., May 26.—Edward Carver killed William Patterson in a political quarrel at the Republican primary at Florence. Patterson was shot through the head. Carver, who was a candidate for sheriff, has fled to Kentucky. Only two men witnessed the killing, and neither will talk. If Carver is caught the extradition question between Kentucky and Indiana doubtless will be raised.

## Tiffany Paris Exhibit Sold.

Paris, May 26.—Tiffany's valuable exhibit at the exposition was bought yesterday by an American. His name, which is kept secret by Mr. Tiffany, is said by others to be J. Pierpont Morgan. He is to make a gift of his purchase to the American Museum of Natural History. The exhibit is to remain during the exposition.

## Liabilities Are \$13,000,000.

## The Presbyterians

St. Louis, May 26.—The committee to act on the answers of the presbyteries regarding the revision of the confession of faith was announced by the moderator of the general assembly by vote of the assembly at the close of the great debate. He is the chairman of the committee. He read the following names:

Ministers—Herrick Johnson, Chicago; Samuel J. Nicolls, St. Louis; Daniel W. Fisher, Hanover, Ind.; William McKibbin, Cincinnati; George B. Stewart, Auburn, N. Y.; S. W. Dana, Philadelphia; S. P. Speicher, Cleveland, and Benjamin B. Warfield, Princeton.

Elders from these synods—Daniel R. Noyes, Minnesota; E. W. C. Humphrey, Kentucky; W. R. Crabb, Pennsylvania; Benjamin Harrison, Indiana; John E. Parsons, New York; Elijah Frazer, Michigan, and Justice John N. Harlan, Baltimore.

Rev. Herrick Johnson won the day for the Peoria overture, and hereafter the standing committees will be selected independent of the moderator. Colonel James M. Rice and Dr. Radcliffe of Washington were two of the speakers, but all conceded that it was Dr. Johnson's brief address, delivered in his usual impressive manner, which convinced enough commissioners that the plan should be tried.

## Plan to Assign Ministers.

Chicago, May 26.—A plan by which the ministry of the United Presbyterian church shall be assigned to churches by the stationing committees of the synods was proposed to the general assembly of the United Presbyterian church at the third day's session in the Sixth United Presbyterian church. The plan provides that all the churches and ministers within the bounds of a synod shall be subject to the jurisdiction of the synod, and that the ministers shall be appointed to churches and retired for age or any other cause by the action of the synod. The plan was referred to a special committee, which will report it to the assembly.

## Killed by Cigarettes.

Valparaiso, Ind., May 26.—Guy Cannon, a prominent young society man of Kouts, this county, aged 19, is dead of excessive cigarette smoking. For a number of years Cannon had been addicted to the cigarette habit and consumed an enormous number daily. His nervous system became impregnated with the poisonous fumes and physicians warned him against further indulgence. The habit had become so firmly entrenched, however, that it was impossible for him to break it.

## How is your Wind?

If you are short of breath; if your heart flutters or palpitate; if you have pain in left side or in chest; if your pulse is irregular, or you have choking sensations, weak or hungry spells, fainting or sinking spells, remember, Dr. Miles' New Heart Cure is especially adapted to remove just that class of disorders. It is a heart and blood tonic which strengthens the heart, purifies the blood and gives new life to the weak and weary. Shortness of breath, severe palpitation and smothering spells disappear for any labor. ## WINE OF CARDUI

## WOMEN WHO WORK.

St. Louis, Mo., Aug. 12.

Though only 19 years old, I suffered from pains and female troubles two years. Last spring I got so bad that I had to quit work to support myself, and could not afford a high-priced doctor. I got one bottle of Wine of Cardui and that made me feel better. Have since used several bottles and am well. My mother used the Wine for Change of Life and was greatly relieved.

MISS MARGARET WALSH.

## McNEE'S Wine of Cardui

Many girls and women find it necessary to earn their own living in various kinds of employment. Their work is often so hard and confining that the health breaks down. Their delicate constitutions are unfitted for tireless tasks. Weakness nearly always makes its appearance in the peculiarly delicate womanly organs. Constant standing on the feet, and coming and going at the beck of a superintendent or foreman, induces falling of the womb, leucorrhoea, headache and backache. The pay of women workers is often so notoriously small that when sickness comes they have no money to engage skillful physicians. To them Wine of Cardui is truly a blessing. It cures them of their ills at a small cost, and they can act as their own physicians. No doctor can do as much for "female troubles" as Wine of Cardui.

## MAY BLOW UP THE BRIDGE.

Transvaalers Fear the British Will Cut Off Their Supplies.

## FEAR OF GEN. CARRINGTON.

Baden-Powell Determined to Remain in Front—Boers Said to Be Quarrelling Among Themselves—British Subjects Turned Out by the Dutch.

London, May 26.—The Transvaalers fear that the British will blow up the bridge at Komati Poort, thus cutting off their supplies from Delagoa, and a commando of 500 is guarding the bridge against any such attempt by British raiders.

It is reasserted that President Kruger will retire to Lydenburg when fighting is imminent at Johannesburg and Pretoria. Concern is expressed at Pretoria with reference to the possibility that Gen. Carrington may come down from Rhodesia with 5,000 men to co-operate with as many more entering the Transvaal by way of Mafeking. Horse sickness is said to have broken out among Gen. Carrington's animals.

Major Baden-Powell declines to act on the suggestions of his friends that he should return to England for rest. He is determined to retain his active command at the front.

According to oral reports the Boers are quarrelling among themselves. Transvaal paper money is circulating at 80 per cent discount. Bankers are giving £1 in gold for £5 in paper. Krouse and Kline, the engineers who opposed the blowing up of the mines, have been dismissed. Commandant Schutte had been appointed to defend Johannesburg, and all the British subjects have been turned out.

## GEN. ROBERTS AT VREDEFORT.

Troops Only Two Days' March from the Vaal.

London, May 26.—Another advance along the railroad toward Pretoria has brought Lord Roberts' troops to Vredefort road, a few miles north of Pretoria, where they arrived at noon yesterday. Meanwhile Gen. Methuen is progressing along the southern bank of the Vaal river, with the object possibly of making a dash at Klerksdorp when he arrives opposite that railroad terminus. Gen. Hutton's column is apparently in the neighborhood of Vredefort, fifteen miles west of the railroad, whence it threatens the federal's right flank.

The next two days ought to settle whether Lord Roberts will encounter serious opposition south of the Vaal, but the best opinion is the next big engagement will be fought just south of Johannesburg, and that the fight there, and possibly one at Laings Nek, will prove the last pitched battles of the war.

The latest indications rather point to the latter being the more stubborn of the two. It is hoped here that Gen. Buller will delay until Lord Roberts is able to detach a force to seize Heidelberg and sever railroad communication between Johannesburg and Laings Nek.

The British columns after an unopposed march reached the Vredefort road at noon today and are now only two marches from the Vaal river.

Operations have been pushed forward eight miles, one of Gen. Hunter's brigades having occupied Vryburg last night. Considering the difficulties of the road, this is a remarkable achievement for a mixed force, short of rations, making forced marches. Water is scarce. Some portions of the bridge covered eight miles without a break. Gen. Hunter personally goes to Vryburg today by train.

## MAY EXCLUDE EX-CONVICTS.

No Decision Yet Reached in Case of Phoenix Park Murderers.

New York, May 26.—No decision has been reached in the matter of admitting to this country Joseph Mullet and James Fitzharris, known as "Skin-the-goat," the two ex-convicts who are due to arrive here tomorrow on the Lucania. Mullet and Fitzharris were convicted and sentenced to life imprisonment for complicity in the murder of Lord Frederick Cavendish and Mr. Burke, in Phoenix Park, Dublin, on May 6, 1882, but were recently liberated. They are now on their way here, and they expect to find friends and financial support in this country.

It is believed that the men should be excluded from this country under that part of the immigration law which bars persons who have been "convicted of a felony or other infamous crime, or misdemeanor, involving moral turpitude." Edward F. McSweeney, assistant commissioner of immigration, said yesterday that the spirit and letter of the law would be faithfully followed. It is not yet certain, however, whether the men will be excluded or not, as it may be decided that they do not fall within the prohibition of the law.

## Kills the Woman He Loved.

Syracuse, N. Y., May 26.—When Mrs. Mary Wilbur entered the rooms of her neighbor, Mrs. Louise Foster, she found Mrs. Foster dead, lying on a bed, while sitting by the bedside, holding the hand of the dead woman, was Ernest Hecht, who had killed her with chloroform and was inhaling the drug himself. The police found a letter on Hecht, evidently from Mrs. Foster, which indicated that they had planned to die together. Hecht admits the crime. He says he administered the drug to Mrs. Foster at 1 o'clock this morning and she died in half an hour.

## Nervous Women

are ailing women. When a woman has some female trouble she is certain to be nervous and wretched.

With many women the monthly suffering is so great that they are for days positively insane, and the most diligent efforts of ordinary treatment are unavailing.

Lydia E. Pinkham's Vegetable Compound

comes promptly to the relief of these women. The letters from women cured by it proves this. This paper is constantly printing them.

The advice of Mrs. Pinkham should also be secured by every nervous woman. This costs nothing. Her address is Lynn, Mass.

## RIOTS CONTINUE IN ST. LOUIS.

Mob Fires Into a Car, Seriously Wounding a Police Officer.

St. Louis, May 26.—As a car on the Jefferson avenue line running south approached Sullivan avenue a mob of men and boys blocked the line and opened fire on the occupants of the car. The officers on the car responded, and fully 100 shots were exchanged. Peter Well, a patrolman riding on the car, was shot in the left arm pit and badly wounded. Two of the strikers in the crowd were wounded, but their companions hurried them away to avoid arrest or identification. A riot call was sent to the fifth district police station, but when a squad of officers arrived at the scene the crowd had dispersed and no arrests were made. The differences between the management of the St. Louis and Suburban Railway company and the union men in its employ were satisfactorily adjusted this afternoon, and all danger of another strike has been averted, at least for the present.

## HOPES TO FREE CAPT. CARTER

Chicago Lawyer Plans to Get Ex-Army Officer Out of Prison.

Leavenworth Kas., May 26.—Frank B. Blair of Chicago, one of the attorneys for Capt. Oberlin M. Carter, the army engineer in prison at Fort Leavenworth, is in town to hold a conference with the prisoner relative to the efforts that are being made to have some process instituted that will get him out of prison. Just what Mr. Blair intends to use he refuses to make known beyond saying that half a dozen leading attorneys of the country are hard at work devising ways and means for the release of the engineer and that he has strong hopes of success. Capt. Carter has said repeatedly that he did not and would not accept a pardon, because that would be construed as an admission of his guilt. He still declares his innocence and expresses confidence in his early release.

## Life Sentence for Dynamiters.

Toronto, Ont., May 26.—It only took a Canadian jury twelve minutes' consideration to-day to find Dullman, Notin, and Walsh guilty of the attempted destruction of the Welland canal by dynamite. They were each sentenced to penal servitude for life. The judge was so satisfied with the crown's evidence that his charge was to a considerable extent against the prisoners, who on hearing their sentences seemed stunned and dazed. It is known that one of the accused gave very valuable information to the government and he will doubtless be quietly and secretly liberated very soon. The condemned men will go to the penitentiary at Kingston, Ont.

## Priest Jumps Into Niagara.

Niagara Falls, N. Y., May 26.—John J. O'Donnell, a priest of the Roman Catholic church, committed suicide by jumping into the whirlpool rapids. He threw his hat and cane upon the platform, raised his right hand, shouted "Good-by!" and jumped in. His head could be seen above the water for 200 feet down the rapids and then it was lost to sight. O'Donnell was formerly assistant pastor of the Church of the Sacred Heart in New York, but had been for a year an inmate of a private asylum for the insane at Buffalo.

## Ex-Banker Sued for Divorce.

St. Paul, Minn., May 26.—Mrs. Mary Lee Scott has begun suit against Thomas Blythe Scott, formerly president of the Northern Exchange bank here, now living in Chicago, alleging desertion. They were married at Nashville, Tenn., June 6, 1888, the bride being a member of the Clare family, prominent in Tennessee society. Mr. Scott was formerly president of the Life Insurance Clearing company and a member of the state legislature. They have two children.

## Girl Leaves Cell and Weds.

Chicago, May 26.—To prevent the sending of his sweetheart to a reformatory Albert Isham obtained a marriage license and the two were married in the Harrison street police station. Margaret Guilfoyle was arrested a few days ago on complaint of her mother in St. Louis, who said she had run away from home. Miss Guilfoyle is within a few days of being 18 years old.

## On the Trail of Aginaldo.

Manila, May 26.—Maj. Peyton C. March, with a battalion of the Thirty-third infantry, and Col. Luther R. Hare, with another part of the Thirty-third regiment, while scouring the country northeast of Benguer, report that they have struck the trail of a party of Filipinos, traveling in the mountains, and believe they are escorting Aginaldo.

## Forest Fires in Michigan.

Menominee, Mich., May 26.—Forest fires are raging in Ingalls township. Seven sections of land owned by James B. Goodman & Co. of Chicago have been burned over and the flames are still spreading. The fire covers an area of nine miles.

## Catalina Mountains on Fire.

Tucson, Ariz., May 26.—The fire on Catalina mountains still rages and a timber tract fifteen miles in length and ten miles wide has burned. Men are at work trying to stop the fire.

## Settlers to Resist Eviction.

Montreal, Que., May 26.—A serious row is expected if the government persists in sending out an armed expedition to evict the Methodist settlers on Anticosti by force, as requested to do by Mr. Menier, the French chocolate king.

Achilles was invulnerable in every part of the body save his heel. The myth runs that he was rendered invulnerable by being dipped in the river Styx in infancy, the heel by which he was held being the only part not submerged and therefore retaining its mortal weakness.

Everyone has some weak spot in his physical organism, and that weak spot is the inevitable attacking point of disease. No man is stronger than that weakest spot in him. We see great robust looking men go down like nincomps, at a touch of disease, and wonder at it. It is simply the wound in the weak spot, the vulnerable heel of Achilles.

It is the office of Dr. Pierce's Golden Medical Discovery to build up the weak places, to strengthen the weak organs of the body. It does this on Nature's own plan of nourishment. Proper food properly assimilated makes a weak man strong. But the man is only an aggregation of parts, so that the strong means strength of all parts, heart, lungs, liver, nerves, etc. "Golden Medical Discovery" puts into Nature's hands the material by which the stomach is strengthened, the blood purified, the nerves nourished, the lungs vitalized. It makes the weak strong and the sick well. It contains no alcohol or other intoxicant.

Mr. R. J. McKnight, of Cades, Williamsburg Co., S. C., writes: "I had been troubled with rheumatism for twelve years, so bad at times I could not leave my bed. I was badly crippled. Tried many doctors and two of them gave me up to die. None of them did me much good. The pains in my back, hips and legs (and at times in my head), would nearly kill me. My appetite was very bad. I took five bottles of 'Golden Medical Discovery' and four vials of 'Pelle's,' and to-day my health is good."

## Gloves for the Feet...

That is what you will say if you wear a Foster Shoe. They are the best made. We have talked with many ladies and find that no Shoe is as popular as a Foster. You once wear a pair and you never again will be satisfied to wear anything else. Like everything else that is the best it is the cheapest in the end. It will wear longer; it is always a perfect fit; it is a leader in style. We have just added to the line a new hand channel sole which is as flexible as a turn, and in weight, just between a welt and turn. It has the upper stock the same as in higher priced grades and made on the same lasts, but by this new process of hand channeling the sole, we buy it so that we can now sell it at

**\$3.50.**

Just think of a Foster Shoe at that price. All widths carried in stock. We have a swell line of new summer Oxfords.

The freest Shine stand in the city. All hours.

## POINTER NO. 1, OR READY-TO-WEAR CLOTHES

## The Business of Clothes Making Is a Fine Art,

But, as in the other arts, the real artists are rare. It takes years of work to acquire the skill of making the right kind of clothes. When YOU buy clothes you should know whether you are buying the right kind.

There is but ONE of two things to do—Either buy a good ready to wear suit or a good made to measure suit. A cheap suit of either kind is TRASH. You get only a poor fit if you buy a cheap suit made to order—it is nothing more nor less than the cheap making that is put into the poor class of ready-made suits. Don't go against either of these games. Put your money in good stuff and then be satisfied all the time you are wearing it.

## Our Ready-to-wear Suits at \$15 Upwards

Are made by wholesale tailors who have achieved high reputation for skillful and artistic tailoring. They make our clothes right. Our \$15.00 suits are not equal to the suits made by the merchant tailor who must charge you \$40.00, but are superior in every respect to the trashy made to order suits that are sold from samples and gotten up in the dirty Chicago sweat-shops and which you must pay \$18 to \$25 for.

Just give this matter a thought when you are ready to buy your next suit.

The flannel-stripes and blue serge sack suits are the proper things for the season coming. We show many styles at \$15.00 and upwards.

We have a first-class tailor to make any changes necessary.
